PROSOAK

LIQUID SILVER SOAK

Use Code (Refer to back):

14

Suggested Starting Dilution Ratio: 2 OZ per Gallon

Dilution ratios vary depending on soil loads, water conditions, equipment and effective cleaning procedures. Consult your supplier for additional use instructions

- Convenience of a liquid
- Economical to use
- Softens dried-on foods so they are effectively removed in the dish machine
- Keeps flatware spotless and shiny

Directions for Use:

Designed to be used in commercial kitchens. Dilute with automatic dispensing equipment.

- 1 Carefully open container spout to avoid spillage or splashing.
- 2 Insert pick-up tube into newly opened bucket.
- 3 Fill flatware tub or sink using dispenser to achieve proper dilution.
- 4 Let tableware soak in solution for 5-10 minutes.
